To Whom it May Concern,

**CLAUSEWORKS WILL MANAGEMENT SYSTEM**

I am pleased to provide this testimonial about DPL, with whom we worked in customising their Clauseworks will-drafting system for us. As a newly-formed business unit in Momentum Wealth, we quickly identified the need to partner with a team of experts to enable us to offer our financial advisers and their clients access to a top quality will-drafting system in time to meet tight deadlines.

Working with DPL provided us with access to the desired level of expertise and we found them to be professional in their approach in assisting us with scoping the project and implementing the system, which we have called "my-will". With "my-will", DPL has given us exactly what we wanted – a logical, easy-to-use system that safely guides advisers and clients through what would otherwise be a complex process.

During the project we developed a very positive working relationship with DPL and look forward to working them as we continue to improve the solution.
